PROFESSIONAL SUMMARY

Computer Science undergraduate with strong skills in the MERN Stack, JavaScript, Java, REST APIs, and Data Structures & Algorithms. Strong communication, collaboration, and problem-solving skills with a passion for building scalable full-stack applications. Seeking a Software Developer role to contribute to innovative software solutions while growing as a software engineer.

EDUCATION

Canara Engineering College <i>Bachelor of Engineering in Computer Science</i>	Mangalore, India <i>Sep. 2023 – Present (9.02 CGPA)</i>
Government Pre-University College <i>Pre-university course-PCMB</i>	Ankola, Karnataka <i>Jun. 2021 – May. 2023 (93%)</i>
Jaycee English Medium School <i>SSLC-Karnataka State Board</i>	Ankola, Karnataka <i>Jun. 2020 – May. 2021 (93.76%)</i>

TECHNICAL SKILLS

Languages: C, Java, JavaScript
Frontend: React.js, HTML, CSS
Backend: Node.js, Express.js, REST APIs
Databases: MongoDB, MySQL
Developer Tools: Git, GitHub, Postman, VS Code

PROJECTS

Travel Share App <i>MongoDB, Express.js, React.js, Node.js</i>	<i>Feb. 2026 – Apr. 2026</i>
- Built a full-stack MERN app with authentication, CRUD operations, and like functionality for managing travel places. - Integrated image uploads and map-based location viewing for real-time place visualization. - Developed RESTful APIs with MongoDB to manage user-specific data securely.	
Vishnumurthy Heritage Portal <i>HTML, CSS, JavaScript</i>	<i>Feb. 2026</i>
- Built a responsive tourism website showcasing temple history, cultural events, and visitor details using modern UI design principles. - Developed interactive navigation and structured content layout to enhance user experience across mobile and desktop devices. - Deployed the website online to enable public access and support digital promotion of regional cultural heritage. Link: https://keen-jalebi-7ca4c7.netlify.app/	
PRISM <i>ReactJs, NodeJs, ExpressJs, MySQL</i>	<i>Aug. 2025 – Nov. 2025</i>
- Developed a full-stack complaint management system allowing students to submit categorized issues with image uploads, improving complaint tracking efficiency. - Designed role-based dashboards for wardens and chief wardens to monitor complaint status and update resolutions in real time. - Implemented an automated 3-day escalation workflow with email notifications to ensure unresolved issues are forwarded to Chief Warden.	

COURSES AND CERTIFICATES

- MERN - The Fullstack Guide (React, Node.js, Express, MongoDB) – (Udemy):** Hands-on training in building full-stack applications, REST APIs, authentication, file uploads, and deployment.
- HTML, CSS, and JavaScript for Beginners – (Udemy):** Gained foundational web development skills, including page structure, styling, and interactivity.
- Java Course: Mastering the Fundamentals - (Scaler):** Strengthened Java programming skills and understanding of core concepts.
